

## KG MODEL SET UP & TRAINING OF TRAINERS.....

From the recommendations of Ground Zero (KG Education) research, a model KG classroom has been set up in Atarkwa T.I Ahmadiyya Basic school in Ekumfi District of the Central Region.

Close to thirty (30) KG teachers from six (6) circuits benefited from a 4-day training program which was geared towards equipping them with necessary skills and knowledge in modern KG teaching and learning environment.

Speaking on the program, Mr. Phillip K. Inkoom, the acting District Education Director for Ekumfi lauded the initiative and asked for it to be expanded to capture other districts within the region so the education service would be able to record a higher KD enrolment with professional teachers who will aid in churning out the best of students.

[GGA West Africa](#) is poised to building a formidable Kindergarten Education system which is the foundation for higher education.
